👤 Profile

A skilled Front-End Developer with expertise in JavaScript, React.js, Next.js, HTML, CSS, and SCSS, focused on delivering responsive, user-friendly, and cross-browser-compatible web applications. Experienced in Agile and Scrum workflows, with strong skills in UI/UX, version control, and testing frameworks. Proven track record of building scalable solutions, solving complex challenges, and collaborating with cross-functional teams to achieve impactful results.

📁 Professional Experience

Trainee software engineer, Fawry Plus 🔗 07/2023 – 10/2023 | smart village, egypt

- Analyzed and assessed the old system to identify inefficiencies and gathered company requirements for a modernized system, resulting in a tailored recommendation for an upgraded platform.
- Developed a custom website for **tafgeet amounts**, streamlining processes and improving operational efficiency across Fawry Plus branches.
- Collaborated with team members to ensure smooth system implementation and alignment with organizational goals.

Front End Developer, Dr Code 🔗

01/2023 – 06/2023 | giza, egypt

Translated complex XD designs into fully functional, responsive web pages, enhancing user experience and ensuring cross-browser compatibility.

Enhanced and customized the company dashboard by implementing new features and resolving critical design issues, resulting in a more intuitive interface and improved performance for end-users.

Applied Agile principles to prioritize and deliver tasks effectively within tight deadlines.

🧠 Skills

Javascript | Reactjs | PHP | MYSQL | Nextjs | API Integration | Agile | Data Structure | oop | Html | Scss | Css | Bootstrap | Git | Codebase | Problem-solving | Redux

🎓 Education

Bachelor's degree in Computer Science, Modern Academy

09/2020 – 06/2024 | maadi, egypt

📁 Projects

Optimus E-commerce App 🔗

Built a responsive e-commerce platform using Next.js, Bootstrap, Redux, and Axios. Streamlined state management and API integration to deliver a seamless shopping experience, enhancing user engagement and scalability.

Ninja Dashboard 🔗

Developed an interactive and secure admin dashboard with Next.js and API integration, simplifying website management for administrators and improving operational efficiency.

Teacher App 🔗

Designed and implemented a React.js-based platform for educators to manage courses, track student progress, and monitor attendance. Delivered a responsive, user-friendly tool that improved efficiency in educational workflows.
